

1.6

Maidenbower Pre-School Playgroup

Safeguarding and Welfare Requirement: Child Protection

The safeguarding policy and procedures must include an explanation of the action to be taken in the event of an allegation being made against a member of staff and cover the use of mobile phones and cameras in the setting.

Online safety (Inc. mobile phones and cameras)

Policy statement

We take steps to ensure that there are effective procedures in place to protect children, young people and vulnerable adults from the unacceptable use of Information Communication Technology (ICT) equipment or exposure to inappropriate materials in the setting.

Procedures

- Our designated person (manager/deputy) responsible for co-ordinating action taken to protect children is:

JANET NOAD (manager) CHERYL GOULDSTONE (deputy)

Information Communication Technology (ICT) equipment

- Only ICT equipment belonging to the setting is used by staff and children.
- The designated person is responsible for ensuring all ICT equipment is safe and fit for purpose.
- All computers have virus protection installed.
- The designated person ensures that safety settings are set to ensure that inappropriate material cannot be accessed.
- We have an IT Consultant who holds a DBS and ensures our equipment remains safe with current protection installed on staffs I pads.

Internet access

- Children do not normally have access to the internet and never have unsupervised access.
- The designated person has overall responsibility for ensuring that children and young people are safeguarded and risk assessments in relation to online safety are completed.
- Children are taught the following stay safe principles in an age-appropriate way prior to using the internet;
 - only go on line with a grown up
 - be kind on line
 - keep information about me safely
 - only press buttons on the internet to things I understand
 - tell a grown up if something makes me unhappy on the internet
- Designated persons will also seek to build children's resilience in relation to issues they may face in the online world, and will address issues such as staying safe, having appropriate friendships, asking for help if unsure, not keeping secrets as part of social and emotional development in age-appropriate ways.

- If a second-hand computer/laptop/I pad is purchased or donated to the setting, the designated person will ensure that no inappropriate material is stored on it before children use it.
- All computers/laptops/ I pads for use by children are located in an area clearly visible to staff.
- Children are not allowed to access social networking sites.
- Staff report any suspicious or offensive material, including material which may incite racism, bullying or discrimination to the Internet Watch Foundation at www.iwf.org.uk.
- Suspicions that an adult is attempting to make inappropriate contact with a child on-line is reported to the National Crime Agency's Child Exploitation and Online Protection Centre at www.ceop.police.uk.
- The designated person ensures staff have access to age-appropriate resources to enable them to assist children to use the internet safely.
- If staff become aware that a child is the victim of cyber-bullying, they discuss this with their parents and refer them to sources of help, such as the NSPCC on 0808 800 5000 or www.nspcc.org.uk, or Childline on 0800 1111 or www.childline.org.uk.

Email

- Children are not permitted to use email in the setting. Parents and staff are not normally permitted to use setting equipment to access personal emails.
- Staff do not access personal or work email whilst supervising children.
- Staff send personal information securely at all times.

Mobile phones – children

- Children do not bring mobile phones or other ICT devices with them to the setting. If a child is found to have a mobile phone or ICT device with them, this is removed and stored in our cupboard until the parent collects them at the end of the session.

Mobile phones – staff and visitors

- Personal mobile phones are not used by our staff on the premises during working hours. They will be stored in our designated cupboard.
- In an emergency, personal mobile phones may be used in an area (kitchen) where there are no children present, with permission from the manager.
- Our staff and volunteers ensure that the settings mobile number is known to family and other people who may need to contact them in an emergency.
- If our members of staff or volunteers take their mobile phones on outings, for use in case of an emergency, they must not make or receive personal calls, or take photographs of children.
- Parents and visitors are requested not to use their mobile phones whilst on the premises. We make an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone, where no children are present.

- These rules also apply to the use of work-issued mobiles, and when visiting or supporting staff in other settings.

Cameras and videos

- Our staff and volunteers must not bring their personal cameras or video recording equipment into the setting. Only Emma Herbe (chairperson) is able to take end of term photos with their cameras, and once printed they are immediately deleted. Emma will be supervised at all times with the camera.
- Photographs and recordings of children are only taken for valid reasons i.e. to record their learning and development, or for displays within the setting, with written permission received by parents (see the Registration form and Tapestry form). Such use is monitored by the manager.
- Where parents request permission to photograph or record their own children at special events, general permission is gained from all parents for their children to be included. Parents are advised that they do not have a right to photograph anyone else's child or to upload photos of anyone else's children.
- If photographs of children are used for publicity purposes, parental consent must be given and safeguarding risks minimised.

Smart watches

Smart watches may be worn by staff members during their working hours, however, these will be put away in our designated cupboard, should they start having cameras on them or if staff are constantly looking at them. This policy will be updated in light of new and changing technology.

Social media

- Staff are advised to manage their personal security settings to ensure that their information is only available to people they choose to share information with.
- Staff should not accept service users, children and parents as friends due to it being a breach of expected professional conduct.
- In the event that staff name the organisation or workplace in any social media they do so in a way that is not detrimental to the organisation or its service users.
- Staff observe confidentiality and refrain from discussing any issues relating to work
- Staff should not share information they would not want children, parents or colleagues to view.
- Staff should report any concerns or breaches to the designated person in their setting.
- Staff avoid personal communication, including on social networking sites, with the children and parents with whom they act in a professional capacity. If a practitioner and family are friendly prior to the child coming into the setting, this information is shared with the manager prior to a child attending.

Social media and parents

We recognise that parents/carers and their families may be regular users of social media and we have no intention to curtail their use of it beyond reasonable requests to adhere to safeguarding regulations and

professionalism. It is also recognised that such parents/carers may not be wholly familiar with the requirements of safeguarding, so the following brief guidelines are provided:

- Be cautious on how you discuss playgroup in conversations on social media. Do not reveal names of parents or children that could reveal their identities.
- If you have any negative opinions or concerns about **any** aspect of how the playgroup is run, do not discuss it on social media. Such concerns should always be reported to Emma Herbe-Chairperson or Janet Noad-Manager. This way they can be investigated, discussed and resolved formally.
- No posting or reposting of comments and photographs of any member of staff, committee, volunteers, students, children and parents.
- If any opinions are discussed on social media which result in any detrimental effect on the playgroup, its employees, its children, committee members or its parents/carers, then the playgroup will follow formal proceedings to investigate.

Remember that nothing you put onto social media can be considered fully private, no matter how strong your privacy settings are.

Electronic learning journals for recording children's progress

- Managers seek permission from the committee prior to using any online learning journal. A letter and permission slip are given to parent/carers with details on how the learning journal is managed to ensure children are safeguarded.
- Staff adhere to the guidance provided with the system at all times.

Use and/or distribution of inappropriate images

- Staff are aware that it is an offence to distribute indecent images. In the event of a concern that a colleague or other person is behaving inappropriately, the Safeguarding Children and Child Protection policy, in relation to allegations against staff and/or responding to suspicions of abuse, is followed
- Staff are aware that grooming children and young people on line is an offence in its own right and concerns about a colleague's or others' behaviour are reported (as above).
